About PIXIES

Pixies have been acclaimed as the most influential, pioneering band of the late 80s alt/rock movement, having served as a major influence for artists like Nirvana, Pearl Jam, Radiohead, the Strokes, Weezer, and many more. And today, a whole new generation of music fans has been discovering and embracing the band's "loudquietloud" signature sound. Quirky, catchy melodies have always been Pixies' calling card; seven genre-defining studio albums, including the Gold-certified *Surfer Rosa*, and the iconic Platinum *Doolittle*, considered one of the all-time, quintessential alt/rock albums. Sell-out crowds all over the globe, Pixies' live shows are unadulterated magic, simultaneously electrifying and lo-fi. Seventy-five minutes of the band playing anything they want, in whatever order they want, the classics and the new gems. And no two Pixies shows are ever the same.

About MODEST MOUSE

Having recently completed a sold out 25th anniversary tour for their breakthrough album, 1997's *The Lonesome Crowded West* and played a summer '23 run with Pixies and Cat Power, Modest Mouse continues to prove themselves to be one of the most consistent live acts today. Modest Mouse released their highly anticipated new album, *The Golden Casket*, on June 25, 2021 via Epic Records. *The Golden Casket* heralds another new chapter in the GRAMMY® Award-nominated multi-platinum band's unpredictable evolution. Produced with Dave Sardy and Jackknife Lee in Los Angeles and in Modest Mouse's studio in Portland, the album hovers in the liminal space between raw punk power and experimental studio science, frontman Isaac Brock explores themes ranging from the degradation of our psychic landscapes and invisible technology, to fatherhood. The twelve tracks behave like amorphous organisms, undergoing dramatic mutations and mood swings that speak to the chronic tug-of-war between hope and despair that plays out in Brock's head.
